

Get Your Website on JerseySites at USJersey ... and You'll Get Noticed

That's because USJersey is the site the world visits when it is looking for information about Registered Jerseys™. And, JerseySites is the most-visited link off the USJersey home page.

Your website will have the most current, complete information available because it is designed, hosted and maintained by the American Jersey Cattle Association. It will be updated on a routine basis. Links to an unlimited number of progeny performance reports and performance pedigree quantities based on size of site are available.

Visit JerseySites at <http://www.usjersey.com/jerseysites.html> to see how you can maximize your marketing plan and get noticed!
