Wayne County Fairgrounds, Wooster, Ohio

Ohio Spring Classic Sale

TERMS AND CONDITIONS FOR CONSIGNMENT SALES

Adopted December 31, 2005 by the American Jersey Cattle Association

TERMS: The terms of the sale are cash, check, or wire transfer for the full purchase price in U.S. funds on sale day. Parties unknown to the seller or sale management must furnish a statement or letter from his/her bank or a certified check. The seller, sponsor, or sale manager reserves the right to require payment by wire transfer, certified check, or in cash. If other arrangements for payment are made with the seller, a written agreement acknowledging such terms and signed by both parties must be filed with the sale clerk prior to release. All payments must be made to the sale clerk. No release will be given prior to a satisfactory settlement, whereupon a signed order from the clerk must be presented to the loading supervisor. Seller retains title until payment has been honored unless other arrangements are made. Buyers are entitled to warranties as listed below only after full compliance with these terms.

SALE POSITIVE: The highest bidder shall be the buyer. Every animal is pledged to absolute sale unless withdrawn for cause as determined by the sale manager. In case of dispute the animal shall again be put up for advance bids, and if there be no advance bid, the animal shall be sold to the person from whom the auctioneer accepted the last bid. If two or more claim the bid, the auctioneer shall indicate the party whose bid was recognized. Other claimants will be given an opportunity to increase the bid. Bidding directly or indirectly on an animal in which the bidder or any person for whom the bid is made has an ownership interest is prohibited unless the intention to bid is disclosed specific to each animal in the catalog or announced from the auction stand.

CERTIFICATES OF REGISTRATION: Certificates of registration or identification (whichever applies) showing transfer to the buyer on the records of the American Jersey Cattle Association will be furnished by the seller for each animal at no cost within a reasonable period of time. An animal may not be transferred back to the seller for a period of one year except at the discretion of the American Jersey Cattle Association. Registration certificates show registration on the records of the American Jersey Cattle Association, but are not documents of title.

CATALOG INFORMATION: The material in the sale catalog has been carefully edited. Any errors, omissions, or information noted after printing of the catalog will be announced from the auction stand. Such announcements will take precedence over printed matter in the catalog. In any event, neither the sponsor nor the sale manager shall be responsible for errors or omissions.

RISK: All animals are at the buyer's risk as soon as struck off, but will be cared for at no cost for 24 hours. Buyers must make arrangements for care of their purchases beyond the 24 hour period. Animals are solely at the seller's risk prior to being struck off, including that time while under the care and supervision of the sponsor or sale manager.

WARRANTIES:

- (a) **Title.** The seller warrants clear title to the animal and other items sold and the right to sell the same.
- (b) **Breeding.** The seller guarantees his/her animals to be breeders, but not beyond the purchase price, with the following understanding:
 - Males:** Should any bull within four months after the sale date or within four months after reaching the age of fourteen months, whichever is later, fail to prove a breeder after being used on a registered Jersey female known to be a breeder, the matter shall be reported in writing to the seller who shall have four months from the date the bull is returned to him/her to prove him to be a breeder, before refunding the full purchase amount or making other satisfactory settlement with the buyer.
 - Females:** Any female that has freshened normally within ninety days prior to the date of sale is, by that fact, considered to be a breeder. Should any other female when fresh over ninety days fail to become pregnant within four months of the sale date, or if she is less than sixteen months old when sold fail to become pregnant by the time she reaches the age of twenty months, after having been bred to a registered Jersey bull known to be a breeder and after having been treated by a licensed veterinarian, the matter shall be reported in writing to the seller within 90 days of the applicable limit, and the seller shall then have the privilege for four months after receiving the animal to prove her a breeder before refunding the full purchase price or making other settlement satisfactory to the buyer. Females bred when sold and pronounced in calf are presumed to be pregnant, but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant females will deliver calves or that they will carry them full term. Superovulation or flushing of a female after the sale negates any breeding warranty. Unless notice has been given to the sale manager prior to sale date and is noted in the catalog or announced from the auction stand that a female has been superovulated or flushed prior to sale date, the seller warrants that such is not the case. For animals that have been superovulated or flushed, a complete record of all embryo transfer offspring, pregnancies, and frozen embryos by service sire are to be given to the sale manager.
- (c) **Embryos.** Only Grade 1 embryos collected and processed by an embryo transfer business (ETB) certified by the American Embryo Transfer Association (AETA) will be sold. Sale manager will have a copy of the Certificate of Embryo Recovery and Certificate of Freezing (AETA Forms A and C) before and during any sale.
- (d) **Choice of Pregnancy.** Should an animal chosen from a specified flush fail to meet the breeding warranties, or should an animal of the sex specified by the buyer not result from a specified flush, the buyer and seller will take the following steps:
 - 1. Seller will offer the choice of remaining animals from the specified flush, and/or
 - 2. Seller will offer the choice of another flush already implanted or of a future flush. If the buyer accepts the choice of a future flush, unless otherwise agreed no interest will be charged to the buyer, but payment schedules will remain the same.
 - 3. If neither of the above options are acceptable to the buyer, the seller will make full refund of all payments received.
- (e) **Limited Warranties. The Seller makes no other warranties, express or implied, including without limitation, merchantability or fitness for a particular purpose. All warranties cease when an animal is resold or transferred by the original purchaser.**

HEALTH CERTIFICATE: The seller will provide to the buyer an official health certificate for interstate shipment of each animal. No warranty is made as to the condition or health of the animal or the result of any future health test or as to the condition of an animal's udder following calving. Herd and/or area accreditation and certification status and calfhood vaccination status will be printed in the catalog or announced from the auction stand. Health tests and condition for export sales to foreign countries or states with special health requirements are the sole responsibility of the buyer unless otherwise announced from the auction stand or otherwise agreed prior to sale between the seller and the potential buyer.

SHIPPING: Assistance will be given in loading and shipping animals after the sale but no risk is assumed by anyone associated with the sale when such assistance is given. All costs, risks and responsibilities are borne by the buyer, and transportation charges on all animals subject to adjustment shall be paid by the buyer, unless other arrangements are made.

ABSENTEE BIDDERS: While it is preferable for prospective bidders to attend the sale in person, for the convenience of those not present, members of the sales force will represent you at the sale. Others handling bids for absentee buyers should identify themselves to the sponsor or sale manager before the sale to ensure that the terms of the sale are complied with. Any person handling a bid for an absentee buyer does so as agent only and is not responsible to the buyer for any animal he may purchase in that capacity.

RESPONSIBILITY: The seller is solely responsible for all warranties, as to animals or other property offered for sale. The sale manager, auctioneer and sponsor are acting as agents only and are not responsible for the title, condition, quality, fitness, or productiveness of any animals or other items sold.

Examination of all purchases should be made immediately after purchase, and any complaint must be reported to the sale manager before the close of the sale. Neither the sale manager, the sponsor, the seller, the auctioneer, nor anyone associated with the sale shall be responsible for accident, injury or property loss to anyone attending the sale. The sale manager, sponsor, and auctioneer shall not be liable for payment of the purchase price of any animal or other item sold. In submitting entries and/or selling animals or other items, the seller agrees to the terms and conditions set forth herein and assumes full responsibility of his or her animals.

PENALTIES: Violations of these terms and conditions shall be considered unethical sales practices and shall subject the violator to such penalties as may be imposed by the American Jersey Cattle Association.

The Ohio Spring Classic Sale

Monday, May 31, 2021 11:00 A.M (EDT) Wayne County Fairgrounds, Wooster, Ohio

Directions to the fairgrounds: Take Route 30 East to Route 3 North, fairgrounds is on the right.
GPS address: 199 Vanover Street, Wooster, OH 44691

Sales Force:

Greg Lavan, JMS Manager & Area Representative 614/216-8838
 Jason Robinson, AJCA/NAJ Area Representative 614/216-5862
 Ron Mosser, AJCA/NAJ Area Representative 614/264-0142
 Danielle Brown, AJCA-NAJ Area Representative 614/266-2419
 Neal Smith, AJCA-NAJ Executive Secretary 209/988-0601
 Kevin Williams, Sale Chair 740/331-1138
 John Lemmermen, State President 614/403-6151

Michael Heath, Sales Staff 443/375-8048
 Mark Fisher, Sales Staff 563/920-5711
 Kelly Epperly, Sales Staff 937/658-3896
 Drew Duncan, NAJ Assistant Manager 614/266-6916
 Hannah Meller, Clerk 614/361-9716
 Todd Woodruff, Auctioneer # 14035 937/605-0319
 Hannah Diehl, JMS Fred Stout Intern

Any member of the sale staff would be glad to handle your bids in complete confidence.

Health Tests: All animals will be tested for interstate shipment, brucellosis, tuberculosis and BVD-PI. All will receive a shipping fever booster. All eligible animals are official calfhood vaccinates, unless noted or announced. All milking cows will be tested for *Staph aureus* and *Mycoplasma* species

Hotels in the area: Quality Inn–330/262-5008; Days Inn–330/345-1500; Hilton Garden Inn–330/202-7701; Comfort Suites–330-439-0190; Hampton Inn–330/345-4424; and Best Western–330/264-7750

Discover, Visa, MasterCard, and American Express accepted.

NOTICE TO ALL BIDDERS ON A CHANGE TO PAYMENT TERMS: Cash, Check, Debit Card, Visa, MasterCard, American Express or Discover accepted. 3% buyer's premium on all sales with 3% waived for cash or check.

Watch live online on Memorial Day and bid from anywhere in the world with JerseyAuctionLive.com.

Sale sponsored by:

Ohio Jersey Breeders Association

804 East Water Street, Prospect, Ohio 43342
John Lemmermen, president

The pedigrees in this catalog are prepared by sale management using the most recent pedigree information available. Breeding and production information is provided to us by the consignors. Although information is verified to the best of sale management's knowledge, management cannot guarantee against errors or omissions.

All announcements from the box on sale day, take precedence over printed materials.

The American Jersey Cattle Association and National All-Jersey Inc., promote the use of authentic and unaltered photographic images of Jersey animals, and disapproves of the use of any photographic images that alter the body of the Jersey animal. The American Jersey Cattle Association therefore requests that all photographic images of Jersey animals submitted for publication in catalogs of Jersey Marketing Service contain no alterations to the body of the animal.

Despite its best efforts to ensure that only unaltered photographs of Jersey animals are used in this publication, the American Jersey Cattle Association cannot guarantee that every photographic image of a Jersey animal is authentic and unaltered.

Keightley & Core Jerseys

We first learned of RECAL PLUS the hard way at World Dairy Expo 2012 when we found ourselves with eight milk cows that didn't handle the trip very well. Luckily, Dr. G.W. Snider happened to be in our barn working with another cow. He instantly recommended RECAL boluses to help get the cows restarted. We were amazed at how quickly the cows started to get back on track. They seemed to immediately start eating better. When we got home, we couldn't wait to check out the website and call the phone number on the bottle of boluses. We quickly made the decision to put the whole herd on RECAL PLUS before our annual trip to the All-American Jersey Show. The great people at RECAL Microbials assured me that if we weren't happy after thirty days that we paid nothing for the product. Thirty days later after a successful All-American trip with cows that had fully rebounded from their World Dairy Expo trip, we were true believers in the RECAL PLUS product. When we started the RECAL PLUS on our whole herd of 70 cows, we were monitoring our dry matter intakes and milk production. We also did some manure screening before we started the product and also seven days after we started. We could not believe the difference in the manure screenings. The undigested feed that was left in the manure was much smaller in particle size and when dried down and weighed there was actually less undigested feed. With monitoring our dry matter intakes, we saw a 6% decrease in dry matter intake and our milk production and butter fat actually went up. This was due to better digestion and utilization of the feed. This makes for better feed efficiency and more profitability. We are also seeing improved reproduction. In the spring of 2013 Jamie wanted us to try the new RECAL PLUS SS. He informed us that it was the same as the RECAL PLUS but focused toward even better cow health. We were the first people to try the RECAL PLUS SS. The very first thing we noticed after we started feeding the SS was less udder edema in the fresh cows. Next, we noticed in the pre-fresh post fresh transition the cows performed much better. We have been seeing less ketosis, DA's and milk fevers and the cows just take off and milk. We have also noticed a lot more fresh cows showing early heats at 20-40 DIM without shots and much stronger heats. After being on the RECAL PLUS SS for over a year we are seeing much better hoof health, a lot less abscesses, ulcers and hairy warts. We have never had a significant problem with warts but enough to be problematic, and fortunately now we have no warts at all.

After 30 years in the dairy business I have heard a lot of sales pitches and tried a lot of products that didn't prove profitable. RECAL PLUS did exactly what it said it was supposed to do. As you can tell by our numbers, RECAL PLUS is a great aide in feed efficiency while also improving milk production and profitability. We are averaging 6% or more on our butterfat test consistently, proof positive that RECAL PLUS works!

UPDATE

2018 National
Champion Jersey
"Hirds Colton Dream"

For the last seven years we have used RECAL products, and we currently use RECAL PLUS SS. The capability and versatility of these products continue to impress us. Frequently cows stop responding to products after being on them for a long time. But even after all this time we continue to get results. This past year at the All-American Jersey show we were the winner of 4 cow classes and named National Champion Jersey with Hirds Colton Dream. However, we don't stop in the show ring. It is important for these animals to prove themselves in the bulk tank. Our herd averaged 21,429 lbs. milk 1,108 lbs. fat, and 825 lbs. of protein. This ranked us 5th for protein and 8th for fat in the nation with the American Jersey Cattle Association for our herd size. Frequently we are asked what products we recommend and we are able to recommend RECAL without hesitation for the consistent results we received. We look forward to including RECAL products for years to come.

PROMOTING DAIRY SCIENCE

TAKING CARE OF little ones

Recommendations and resources for feeding infants and young children

For the first time ever, beverage guidelines have been identified for children. The Academy of Nutrition and Dietetics, American Academy of Pediatric Dentistry, Pediatrics and American Heart Association all recommend the following:

BIRTH-6 MONTHS Breast milk (recommended) or infant formula only; no fruit juice or other liquids of any kind.	6-12 MONTHS Breast, infant plain or yogurt.
12-24 MONTHS Whole milk and plain drinking water; very limited 100% fruit juice on occasion.	2-5 YEARS Fat free and plain drinking water; very limited 100% fruit juice on occasion.

EDUCATIONAL RESOURCE: Airplane Choo Choo

Airplane Choo Choo is an educational resource that provides evidence-based guidance on how to feed children from birth to 24 (B-24) months. This resource was co-created by National Dairy Council and the American Academy of Pediatrics. This revision is significant because for the first time ever the upcoming 2020-2025 Dietary Guidelines for Americans will include the B-24 age range.

Find this resource on Drink-Milk.com by searching "Airplane Choo Choo"

American Dairy Association MIDEAST

DAIRY NOURISHES LIFE

Helping People Thrive Throughout the Lifespan

Dairy foods, like milk, cheese and yogurt, play a foundational role in the Dietary Approaches to Stop Hypertension (DASH) diet and the Dietary Guidelines for Americans' Healthy Vegetarian, Healthy Mediterranean-Style and Healthy U.S.-Style eating patterns. From their unique nutrient packages, to research linking dairy foods to improved bone health - especially in children and adolescents - and to reduced risk of cardiovascular disease, type 2 diabetes and lower blood pressure in adults, dairy foods help people thrive.

Dairy: Did You Know?

- Milk Delivers a Unique Nutrient Package.** Milk's nine essential nutrients can be difficult to replace. Did you know it takes 17 cups of raw kale to get the same amount of calcium in 3 cups of milk? But it's not just about the calcium. See how protein, vitamin D and B vitamins pack a punch.
- Milk's Nutrient Profile is Tough to Match.** Encourage people to read the nutrition facts label on milk and milk alternatives to better understand what is in their pour. These [label cards](#) provide an at-a-glance look at the nutrition and ingredient profiles of milk and a variety of milk alternatives.
- Dairy Foods Play an Important Role in Diets of Expectant Moms, Infants and Children.** The 2020 Dietary Guidelines Advisory Committee's Scientific Report includes historic recommendations for expectant moms and children from birth to 24 months. Yogurt and cheese were recognized as complementary feeding options for infants 6-12 months. Aged food patterns for toddlers 12-24 months include 1.5 to 2 daily servings of dairy foods (e.g., whole milk, yogurt, reduced-fat cheese). These recommendations align with American Academy of Pediatrics' guidance represented in this [Guide to Feeding Your Baby for the First Two Years](#). The Committee also notes milk and yogurt are good sources of iodine, a potential nutrient of public health concern for pregnant women, as iodine needs increase by more than 50 percent during pregnancy and prenatal iodine deficiency may lead to irreversible neurocognitive defects and lower childhood IQ.
- Dairy foods are affordable, nutrient-rich contributors to the diets of children and adults.** It only costs about \$0.20* for one serving of nutrient-rich, low-fat milk. (*Based on U.S. average gallon milk price. Source: IRI Multi Outlet + Conv. 2020, YTD through 10/04/2023)

Farmers Care for Their Cows and the Environment. Every day dairy farmers strive to lease the planet in better condition for the next generation. Check out our [infographic](#) to learn more about their commitment to the environment. To learn more join our [virtual field trip](#) and video on the commitment to ensure milk is free of antibiotics.

Dairy is Linked to Reduced Risk of Inflammation. Not only are dairy foods, including milk, yogurt and cheese, filled with essential nutrients our bodies need, but they also may help reduce inflammation. Learn more [here](#).

Looking for more information on how dairy nourishes people while responsibly caring for our planet and animals?

Join the [Dairy Nourishes Network](#). Members of the network receive the latest dairy research, resources and recipes, as well as opportunities for free continuing education.

Dairy Nourishes NETWORK

Research indicates that dairy foods (milk, cheese and yogurt) are health benefits. Visit [Drink-Milk.com](#) to find the latest science summaries on topics including:

- WHOLE & REDUCED FAT DAIRY FOODS**
Research indicates that saturated fat consumption may not be directly linked to CVD risk, indicating saturated fat on its own may be a poor metric for identifying healthy foods or diets. Take a deeper dive into the research that looks at the unique nutrient profile of dairy foods including the fatty acid profile of dairy fat, the dairy food "matrix" and its overall contribution to healthy eating patterns.
- BLOOD PRESSURE**
The DASH diet has been demonstrated to lower elevated blood pressure and is also recommended by the American Heart Association to lower blood pressure. Learn more about the research behind this eating plan.
- DIABETES**
The background research that concluded dairy higher risk for primary artery disease for stroke.
- LACTOSE INTOLERANCE**
Lactose intolerance (LI) may lead some individuals to avoid or reduce dairy food consumption. Learn how objective diagnosis and individualized management strategies can help those who experience LI symptoms enjoy dairy foods and meet nutrient needs.
- NUTRIENT CONTRIBUTIONS**
Dairy's nutrient contribution has been noted in all the DGA's since the first one was released in 1980. In fact, nutrients in dairy foods can be difficult to replace with other foods. For example, dairy foods can help meet recommendations for calcium, vitamin D and potassium - 3 of the 4 nutrients of public health concern. Read more about how meeting daily recommendations of dairy foods can help Americans close key nutrient gaps.

Visit [Drink-Milk.com](#) to find the latest science summaries on topics including:

American Dairy Association MIDEAST

To reinforce dairy's nutritional benefits, your dairy checkoff program works with those who influence others about healthy eating, like registered dietitians, school nutrition directors, pediatricians and school nurses, so that they become advocates for dairy and recommend milk, cheese and yogurt as part of a healthy diet.

One way the American Dairy Association Mideast reaches these influencers is by placing advertisements in state health professional association journals, such as FamilyDoc and The Family Physician, the official magazines of West Virginia and Ohio chapters of the American Academy of Family Physicians and Ohio Pediatrics, the premiere magazine of the Ohio chapter of the American Academy of Pediatrics.

The ads, which reach more than 13,000 doctors several times a year, highlight a variety of topics including research supporting dairy's health benefits, dairy's role in disease prevention and available resources from ADA Mideast.

DESTINY SPARKLE GLITTER

There's always one that stands out from the herd.

In the dairy business, there's always one that goes its own way. That picks its own path. That refuses to follow.

It's the same when it comes to tractors. It's true, you won't see a lot of Fendt tractors on farms, but the ones where you do see them are some of the best operators around. That's because when it comes to capability, dependability and just sheer toughness, there is no tractor that comes close to a Fendt.

Stand out from the herd. See what a Fendt can mean for your operation.

FENDT

Happy Memorial Day!

Honoring All Who Served.

fendt.com/us

There is only one monthly all Jersey magazine in the world.

The *Jersey Journal* is the voice of the Jersey breed. With nearly 3,000 subscribers world-wide the *Journal* is the **number one** source to promote all things Jerseys.

The *Journal* has low advertising rates with several great advantages for even more savings.

Call today to see what advertising in the *Journal* can do for you.

Jersey Journal

Call: 614/861-3636 Email: jerseyjournal@usjersey.com
or log on to <http://JerseyJournal.USJersey.com>

Make

JERSEY Bid .COM

your online auction choice.

- Low commission rates.
- Set your minimum.
- No upfront health costs for consignors.
- Extensive pedigrees.
- A great way to move cattle without the added expense of a live sale.
- An all-inclusive fee. No extra charges.
