Combine tag elements, like this Maxi front with Large back.

Start with Inventory **Jersey Tags** imprinted with the herd management number and unique national ID number for lifetime identification in the U.S. dairy records system.

Custom **Jersey Tags** are then ordered after the registration process is complete. Design the tag with the information you use most, such as:

- calf date of birth (choice of *mm/dd/yr* or *mm/yr* format)
- barn name of calf
- sire's short name
- sire's NAAB code number
- dam ID number or name
- dam ID and date of birth, *or*
- add your own imprint, up to 12 characters and spaces.

Create the combination that works best for you. Tags available in white plus seven colors (*RFID tag, white only*):
