## AJCC Research Foundation

*A permanent trust operated exclusively to promote and sponsor scientific research in the dairy industry*

The Foundation has funds available to support well-designed projects related to high priority areas that affect Jersey cattle:

- Nutrition of high-producing Jerseys, particularly practical feeding methods to maximize production of valuable milk components;
- Factors affecting yield of products manufactured from Jersey milk;
- Factors affecting net income, longevity, and lifetime profit;
- Breeding plans to optimize genetic gain while maintaining genetic diversity;
- Biological and economic efficiencies of Jerseys; and
- Factors affecting management of Jersey calves.

The Foundation's only expenses are for funded projects and related expenses and investment fees. It is the policy of the AJCC Research Foundation to fund projects only from investment income. The American Jersey Cattle Association provides administrative services for the Foundation at no fee.
